Scene in the House.

[illegible] May 17—When the doors of [illegible] closed and excuses were being [illegible] absentees an exciting scene took [illegible] Representatives Conger and [illegible] made an allusion to Goode's [illegible] he was paired with Loring [illegible] what he regarded as a reflec[illegible] honor, stating if Conger in[illegible] he would hold him person

The Quorum—The Conger-Goode Quarrel.

[illegible] May 17.—The Journal's Washing[illegible]: The Democrats to-day [illegible] votes, four less than a quorum [illegible] four more this afternoon [illegible] Republicans will filibuster The [illegible] to-day that Hale's motion to [illegible] whole subject is out of order and [illegible] this decision was also tabled [illegible] Hale the Democrats would per[illegible] vote on the motion to table provided [illegible] Republicans, if beaten, would permit a [illegible] resolution.

[illegible] declined this proposition

[illegible] 1:30 o'clock the house ordered the doors [illegible] absent members sent for In ask[illegible] that the absent members be excused [illegible] that Loring be excused as he [illegible] paired with Goode

Goode said he had been paired with Loring, [illegible] from Virginia, had noti[illegible] Loring that he desired to be relieved from [illegible] Loring had responded saying he [illegible] the pair to be continued. He (Goode) [illegible] observed the pair so far but now be [illegible] vote notwithstanding the pair

Conger said it was simply a question of [illegible] and the gentleman from Virginia [illegible] abide by it.

Goode, with much feeling said he was [illegible] of taking care of his own honor and [illegible] the gentleman from Michigan assailed it, he (Goode) would hold him personally responsible. Great excitement ensued.

Hale demanded that Goode's words be taken down and that the chair rule whether they were parliamentary

Tucker demanded that Conger's words be taken down

The words of both gentlemen having been read from the clerk's desk the speaker said if Conger's words were uttered in an offensive sense they were unparliamentary He declined to rule as to Goode's words

All proceedings were suspended to wait the search of a deputy sergeant at arms after absent members Members are locked in and not permitted to leave the hall The Republicans are in good spirits

A Howling Mob in the House.

CHICAGO May 17—The Tribune's Washington special, regarding the scene when Alexander Stephens wanted to speak in the house yesterday says

The howling mob behind his rolling chair for even the revolutionists did not dare to face him bowled him down with cries of regular order and it is even said that those who sat near could hear in a cowardly undertone cries make the old man keep his mouth shut They didn't dare to let him open it Silenced for the first time by the house and by his own party Alexander Stephens in his clear earnest voice was heard privately to say but the time will come when they will be glad to hear me The significance of the utterance Democratic leaders may soon learn to their dismay It is known that there are from 40 to 50 Democrats mostly men from the south supporters of the southern policy of the president who are earnestly opposed to this movement They say if it had been submitted to the Democratic caucus the investigation resolution would never have been offered The indignation of these Democrats that a few northern revolutionists in the interest of Tilden have been able to force the party into this movement knows no bound It is by no means certain that they will be bound by the caucus Alex Stephens is said to have notified the Republicans that there are 25 men who will vote with him to permit the Republicans to offer any amendment they may desire and in view of the great discontent on the part of southern Democrats it is not certain that the Democrats will be successful in carrying their resolution even if they obtain a quorum It is quite possible the resolution may even be defeated by Democratic votes

Indian Affairs Discussed.

WASHINGTON, May 17—At the cabinet session to day there was considerable discussion of Indian affairs The Nez Perces prisoners at Fort Leavenworth have petitioned to be liberated, promising to be good Indians

Argument on a Railroad Question.

WASHINGTON, May 17—The hearing of the Southern Pacific and Texas Pacific railroad companies as to the bridge and crossing at Fort Yuma was continued before the senate military committee to day Storrs on behalf of the former claimed that the right to cross was perfect under the state law and acts of congress, and that the consent of the military authorities was had to cross the reservation Huntington following, asserted that on three different occasions at San Diego, San Gorgonio and Fort Yuma the Texas Pacific had abandoned its work in Texas where it was required to build to send out small forces to scratch up dirt in front of the Southern Pacific, so as to interfere with its progress and for a sinister purpose He said the bridge at Yuma was a great public accommodation and injured nobody, but that its use would enable the Southern Pacific to extend its road eastward to El Paso, on the Rio Grande without any government subsidy. Hence the opposition of the Texas Pacific to this legislation He said in reply to an inquiry of a senator, that if the bridge was authorized the California company would have the road at El Paso within five years and that he had assurances that he would be met there by a Texas company building west within twelve months afterwards whether congress acted on the Texas Pacific subsidy bill or not Further hearing was adjourned till next Tuesday

Railroad Bills.

Among the bills agreed upon to day by the house committee on railways and canals and favorable reports of the same authorized to be presented to the house, were a bill passed by the senate April 15th authorizing the construction of a railroad from a point at or near Bismarck to the Black Hills, and a bill passed by the senate April 16th, to incorporate the Cheyenne and Black Hills Railroad and Telegraph Company

BY ATLANTIC CABLE.

Restrictions for Socialist Meetings.

BERLIN, May 17—It is reported that in view of the attack made upon the emperor government has resolved to propose or even to introduce by administrative decrees, serious restrictions on freedom and the right of public meetings Efforts will be made to bring about common action on the part of Germany Russia England the United States and countries where socialist and communistic symptoms have lately appeared

PARIS, May 17.—The international copyright conference will sit from the 11th to the 22d of June Victor Hugo will preside

CENTRAL AND SOUTH AMERICA.

New Constitution for Ecuador.

PANAMA, May 7—The constitutional convention of Ecuador has adopted a new constitution, which is more illiberal than that of Garcia Moreno Religious toleration is denied and the country is completely subjected to priestly rule

Business in Guatemala is very depressed Several failures have occurred one is that of the sugar refining company, for $350 000

The Railroad Question Plainly Stated.

[From the McMinnville Reporter.]

Oregon's prospect for railroad connection with the outside world seems decidedly dubious The Northern Pacific directors will not accept the terms of the bill which lately passed the senate, and it is hardly possible that a bill, satisfactory to all parties can be gotten through congress this session The bill that has passed the senate is loaded with complications which virtually undermine the scheme A very unjust exaction appears in reference to the sale of lands to be donated the company by the grant No one is more sensible of its viciousness than Mr Mitchell himself He knows well enough and has known from the first, that no railroad could be built on the strength of the measures he has advocated He knows equally well that the intention of his persistent labors has been directly to the contrary of securing a railroad for Oregon And for the friends of Mitchell to say that he has labored faithfully for the interest of his state in this connection is simply contradicting the record that stands plain before all men

It is reported that Ben Butler is up to his old trick of securing copies of telegrams and boasts that he has some from prominent northern Republicans in regard to the fraud count which they would not like to be published

Four hundred and forty three bronze and three hundred and thirty five iron cannon are by order of congress to be recast and used for making soldiers monuments This is evidently the time foretold by the poet when our bruised arms should be hung up for monuments

THE EASTERN QUESTION.

The Porte and the British Fleet

LONDON May 17—A special says the porte will allow no further addition to the British fleet at Ismid

The Insurrection in Greece.

ATHENS May 16—The Turks have attacked Christians near [illegible] fighting continues

VIENNA May 17—The positions taken by insurgents are Diebend Balkan and Listrogins [illegible] All attempts to dislodge them have been unsuccessful

Turkish commissioners have thus far failed to accomplish their mission

Movement of Russian Troops.

LONDON May 17—A dispatch from Pera says Although the advance of the Russians four kilometers nearer Constantinople is declared to be devoid of significance the movement has nevertheless increased uneasiness here The Russians instead of being clustered in villages are now extended before the city with their lines of tents in a manner apprehensive to the popular mind News comes also of an advance of 15 000 troops from Kallikrati to Rustchuk and Tchekmedje and of similar forward movements from Silistria to Kallikrati, and other corresponding advances from the rear towards the front, All these movements to mass Russians closer and closer to Constantinople consequently increase anxiety within the city

Deepening the Channel.

It is reported on good authority that the Russians are about to deepen the channel from Tchekmidje lake to the sea sufficiently to permit the passage of launches and other small vessels

Movement of the British Fleet.

Significance is attached to the belief current in well informed circles that the channel squadron will leave Port Said for Besika Bay immediately after the arrival of the Indian troops

A Russian Order to Bessarabia

LONDON May 17—The Russian military authorities have forbidden Bessarabian deputies in the Roumanian parliament to attend any more sittings of that assembly

CONGRESSIONAL.

Senate.

WASHINGTON May 17

Davis of West Virginia, reported that the select committee examining the treasury books were making satisfactory progress but could not report this session and moved they be allowed to sit during recess

Morrill objected to present consideration

Davis said his statements including the one that the public debt statement had been altered to the extent of $2 000 000, would be proven by investigation

Howe submitted a resolution looking to admitting heads of bureaus of the executive departments to the floor of senate during sessions

Hamlin submitted an amendment directing the committee on rules to report the propriety of a rule to prevent members from crowding round the desk during the calling of the yeas and nays agreed to and resolution adopted

House.

The regular order was demanded by Potter and the question recurred on seconding them and for previous question on the Florida resolution On standing vote the speaker announced the result to be 84 in the affirmative and none in the negative and the usual point of no quorum was raised At the conclusion of the voting it was reported to be affirmative 122 negative none

The question was raised as to counting Hale's vote he being one of the tellers, and Hale said "Let it be distinctly understood that a gentleman is compelled to vote whether he wishes to or not

Speaker—The gentleman was a teller and the gentleman from New York reported him as voting in the negative

Conger—The gentleman from New York cannot report anything but what the tellers agree upon I make that point that neither teller can report except what is agreed upon by both

Hale—Let me state how I understand it I was appointed by the chair as a teller as member of the house in conjunction with the gentleman from New York to count the votes By agreement between that gentleman and myself as is usually the case in counting for the affirmative he was counted one of the ayes passed through, they were 122. I did not agree have not agreed and do not agree with the gentleman from New York in reporting that I voted as a member of the house I have the same privileges that every member has I did not vote and announced that none had voted in the negative The gentleman will not say that he and I agreed that there was one vote in the negative and assuredly the chair cannot when tellers are at variance, decide that a member has voted when he has not.

Potter—There never can be a dispute with me about a question of patent fact I have done what I have been doing for about twenty times during the last few days and reported the gentleman from Maine in the negative He began by counting me one in affirmative and I did the same with him in the negative I reported him as he reported me There can be no dispute about the fact that he was teller He says he did not vote

Hale—Who knows better than I whether I voted or not?

Potter—Possibly the house does

Speaker—The gentleman from Maine was appointed a teller because he was present His party friends are constructively absent. The chair accepted the report of the gentleman from New York

Hale—Suppose he had reported me in the affirmative?

Speaker—That would have been an unfaithful report

Hale—This is an unfaithful report because I did not vote at all

Garfield called attention to the fact that the rule provided that members passing between the tellers should be counted The gentleman from Maine had not passed between the tellers

After a long and exciting debate Potter at 3 o'clock moved to dispense with proceedings under the call stating that every member who could be reached by the sergeant at arms to day was now in the capitol, agreed yeas 242, nays 10

The question again recurred on seconding the demand for the previous question As the 147th man voting in the affirmative passed between the tellers applause broke out on the Democratic side The negative vote being asked for Harrison of Illinois passed between the tellers The vote was finally announced to be ayes 147 nays 1, and again the Democrats manifested their pleasure by applause

Hale then moved to lay the resolution on the table

Anti-Kearney Convention

SAN FRANCISCO May 15—At the evening session at Tuttle's hall the report of the committee on address to the people was adopted It was moved that the convention reassemble on the first Monday in June to make nominations for the constitutional convention After discussion the question was left for consideration in executive session The constitution adopted at the state convention at Humboldt hall last January was adopted with a few minor amendments A resolution was adopted that none but citizens be admitted to membership. Convention then went into consideration of the organization of the party The Sonoma delegation have nominated Geo P Furcan as delegate at large for the third congressional district The motion that when the convention adjourns it adjourn till the first Monday in June at 7½ P M was adopted The motion that country members unable to attend the next session of the convention be authorized to send in their proxies with instructions, was adopted The secretary was instructed to correspond with secretaries of district conventions and ask them if a full delegation cannot attend the session of the state convention, to send commissioners to represent their district

A resolution was adopted expelling Dennis Kearney from the ranks of the party The following were elected to fill vacancies on the state central committee caused by the withdrawal of Kearney Wellock Moore and Johnson Gans, Moore, Logan and Gingnard

Adjourned to meet in executive session to morrow evening

New Mines Discovered.

EUREKA May 17—Parties have just arrived from New river Humboldt county who report the discovery of new placer diggings on that stream The diggings are said to be rich but the extent is not yet known Considerable excitement prevails concerning this report as it has been long believed that rich mines would be developed in that locality The gold is coarse

Body Found.

NEVADA

Water in the Mines.

VIRGINIA May 17—Water in the Hale & Norcross mine is again behaving strangely It rises and lowers every two hours like the tide without any apparent cause Before the 2 000 foot level was drained the water acted in the same manner but once that level was passed it did not indulge in any unusual freak until about eight or ten days ago

About 10 o'clock this morning the water in the Savage stood about 18 feet below 2,100 foot level and was being held at about that point while two "bal last bobs" are being put in place When these are in a plunger pump er will be put in about 50 feet below the 2,100 foot level

The water of the Julia emits such a powerful stench that the miners and others can with difficulty work out their shift either in the mine or works

The prospects of a big development are the talk on the streets and the people as a rule seem to have confidence in the indications

Mining Accident.

VIRGINIA, May 17—This evening at 6 15 a piece of rock weighing a ton, caved in the C & C shaft falling about ten feet to the bottom on Richard Rodda and And'w Williams, killing them instantly

MR MONTGOMERY'S LETTERS

Several persons have spoken to us about the Montgomery letters which were referred to in THE OREGONIAN of Thursday and have inquired why they were not printed The only reason why was that the board of trade in deference to Mr Montgomery's statement that he did not write for the public press did not authorize their publication, though he said the substance might be communicated, which has already been done The only points they contain were reviewed by THE OREGONIAN of Thursday and it was shown that as the letters bear old dates all the information they convey has been superseded by later advices, both by telegraph and mail Although Mr Montgomery stated distinctly that he did not write for the press yet in view of the fact that a number of persons have expressed to us a desire to see the letters under the impression that they contain important information we have procured copies and obtained consent of the officers of the board of trade to give them publicity, exactly as written though contrary to the writer's intention Here are the letters

WASHINGTON April 19 1878

Wm Reid Esq DEAR SIR—I send you a copy of the N P extension bill as reported to the senate It will probably pass the senate on Monday or Tuesday and I think by a large majority The whole difference—or at least the main difference between Senator Mitchell and the parties from the Pacific coast here, and the N P managers was regarding the construction of their road at the Cascades and The Dalles—15 miles of railway Senator Mitchell had been willing for some time to separate his Portland Dalles and South Pass scheme, providing the company would open up the Columbia This the officers hesitated long to accept, but they have now done so, and all parties are now working harmoniously I believe the bill will go through the house also this session It is a good bill for the people and also for the share holders in the company I know that President Wright concurs heartily in the bill as it now stands and will work to have the house committee on Pacific railroads to adopt this in lieu of one reported by that committee Senator Grover also gives it his hearty concurrence

The trouble from the start has been in underrating Mitchell's power It was intended to push a bill through over his head but this was found to be a hopeless task A compromise ought to have been made sooner

Gen J W Sprague arrived day before yesterday I suppose he is looking after the interests of the Navigation Company His friend E S Smith is also here but I fear they have come too late to prevent competition on the Columbia river This is sad news for a few but I believe it will be hailed with joy by the many I am satisfied that if his bill passes the Northern Pacific Board will order the building of those portages within 12 months There is no reason why it should not be done immediately

Please have this bill read at the next Board of Trade meeting and you can communicate the substance of this letter but I do not write for the public press Yours J B MONTGOMERY

WASHINGTON April 24, 1878

Wm Reid Secretary of Board of Trade—DEAR SIR I send you a copy of the bill extending the time for the completion of the N P road It is substantially the same as reported from the senate committee on railroads and is satisfactory to all parties It passed the senate, after four hours discussion, without a dissenting vote I wish to correct an error which appears to prevail with some people in Oregon—viz that the Union and Central Pacific roads were fighting us I do not think they ever attempted to oppose the Northern Pacific They have always declared they did not and the vote in the senate yesterday showed this to be true for none of their friends tried to obstruct its passage. It is a good bill under which the president of the Northern Pacific thinks he can complete the road, when it has passed the house and is signed by the president of the United States and of this I have no doubt.

Senator Mitchell labored hard during the two days of its pendency in the senate and resisted with all his might the attempt made (by Eaton of Connecticut) to give the company four years to build around the portages of the Columbia and in this he was supported by Windom of Minnesota and Stanley Matthews of Ohio. On the general merits of the enterprise Senator Grover made an admirable speech as did Roscoe Conkling.

Mitchell, you see, has separated the Portland South Pass and Salt Lake railroad from the Northern Pacific bill He was extremely anxious for this measure, and only consented to give it up when he became convinced that to press the two combined would endanger the Northern Pacific enterprise I hope the talk of Jay Gould and C P Huntington being opposed to us will stop These men, while they may not have power to push their own schemes through congress are yet potential in obstructing the passage of bills like ours and I am thankful to say that we have yet to see any sign of their hostility

The river and harbor bill went through the house on the 22d under a call of the previous question by a two thirds vote It will pass the senate There are $80 000 appropriated for the lower Willamette and Columbia $[illegible] 000 for the Cascades canal and locks and $20 000 for the Snake river.

President Wright has gone to Philadelphia and left me to look after matters He will be back in a week when he will try and get up the N P bill in the house We have some strong supporters from the south, both the Missouri senators went for us this year Last year they opposed us. The bill is so much more favorable to the settlers and curtails the privileges so much more than the bill passed in 1877 that I think it will go through the house of representatives without fail Respectfully

J B MONTGOMERY

P S—President Wright tells me that he will certainly build 100 miles of the Pacific division within twelve months after the passage of the bill

It will be seen that the latest of the above letters bears date of April 24th We will suppose that Mr Montgomery did not know how objectionable the bill actually was to the Northern Pacific Company else he would not have said it was satisfactory to all parties On the 25th, one day later than the date of the last of the above letters the board of directors of the company held a session in New York considered the bill and gave unanimous expression in favor of the following

Resolved That the bill passed by the United States senate on the 23d inst relative to the extension of time for constructing and completing the Northern Pacific Railroad is so onerous in many of its provisions that the board is of the opinion it would be impossible for the company to comply with its conditions and in case the bill should be passed by the house as it came from the senate and be approved by the president, this board would advise the stockholders promptly to refuse to accept it

We reprint also the following telegram from Mr Billings who is a director in the company and its largest stockholder He has more than two million dollars invested in the road, and his influence in the company corresponds with the magnitude of his investment

WOODSTOCK, Vt, May 17 1878

Mitchell's senate bill is a fraud The company will have nothing to do with it The road can never be built under it Directors were unanimous in their condemnation of it at their last meeting Mitchell has been the worst enemy of the Northern Pacific enterprise and Oregon should utterly repudiate him

FREDERICK BILLINGS

From all this it will be seen that later advices, setting forth the action taken by the company since Mr Montgomery's letters were written show that the bill is not satisfactory to all parties, that the company refuse to accept it and that no road will be built under it The announcement, therefore of a satisfactory compromise is not borne out Mitchell continued so many onerous provisions in the bill that the company cannot accept it

Railroad to Dallas.

[From the Dallas Itemizer.]

On Tuesday last Mr Gaston brother of Hon J Gaston surveyor on the Dayton, Sheridan and Grand Ronde Railroad in company with our townsmen R S Crystal and J D Lee, passed over the greater portion of the proposed route of the Dayton and Dallas narrow gauge railroad He wished to get a general idea of the lay of the country and of the general bearings, so that when the corps of engineers and surveyors come on—which will probably be next week—they can without delay locate the road He pronounces the road a practicable one As a matter of news we can say to our readers that every indication seems favorable to the success of the enterprise The amount asked for by the company has been fully pledged by our citizens and the company in turn are arranging to push the work along rapidly

The Regency Ticket.

From the Commercial Reporter.]

The Republican county convention met last Saturday and placed in nomination a ticket which under ordinary circumstances, would receive a very large majority of the votes that will be cast in this county at the coming election but there is an element (its Mitchellism) which enters into this party that foreshadows its defeat, with a strong ticket in opposition So far as we are able to learn unless we except one of them, there is not a candidate for the legislature, but whose first choice for United States senate is the "great introducer

The Daily Oregonian.

SATURDAY MORNING, MAY 18, 1878.

THE PRESIDENTIAL CONTROVERSY.

The Chicago *Tribune* holds it to be undoubted that the Florida "confessions" were procured at the instance of the Tilden wing of the Democratic party, assisted by malcontent Republicans. But it thinks it will be found that the anti-Tilden Democrats will strenuously oppose a revolution which would only result in the personal preferment of a man who has forfeited their respect and confidence. Conservative Democrats of the south are not willing that Hayes shall be made a martyr to his own good faith toward their section in carrying out the policy to which he was pledged. In the attempt to overturn Hayes' title Democrats will have three powerful classes in their own party to fight, namely, men of common sense, who are an influential minority; Tilden's rivals for the presidency, who are more numerous and more noisy, and southern men who supported the electoral commission, and whose consistency is concerned in the matter. These three classes constitute a great majority of the Democratic party. In congress their representatives appear even now to be numerous enough to prevent any extreme action.

There are other states which should be investigated if Florida is; but since there can be no general and searching investigation, and since the only possible condition of peace and order consists in adherence to the decision reached by the electoral commission, agitation of the subject is folly, and the whole matter ought to be dropped. Congress is wasting its time, is trying to create a disturbance throughout the country, and in general, is acting with as little wisdom as a partisan body possibly can. While insisting on this investigation in Florida, Democrats oppose any inquiry in regard to Mississippi, South Carolina and Alabama; though it is well known that a system of terrorizing voters was pursued in those states, a system which was nothing less than the fruit of a conspiracy to suppress the colored vote in order to carry the election against colored majorities. But all these charges and recriminations are unprofitable. Both sides might as well abandon them. No good can come of this reckless agitation. The Democratic party, by the course it is now taking in congress, is not commending itself to the country. It should be patriotic enough to let the country have peace.

CONSISTENCY.

When it was announced that a compromise had been effected on the railroad question which would be satisfactory to all parties THE OREGONIAN expressed gratification thereat, and upon information contained in the telegraphic dispatches gave Messrs. Grover and Williams credit for having done much to bring it about. Subsequently it was ascertained that no compromise had been made, and that Mr. Mitchell had still persisted in loading the bill with encumbrances which the company could not accept. Thereupon THE OREGONIAN censured his action again, as it had formerly done. Now, two or three subsidized organs are troubling themselves about this paper's consistency in the matter. It is said that at first it gave credit to Grover and Williams for the bill, but now blames Mitchell for it. These are quibbles. Its comments have necessarily been based on information received. A statement came that a compromise had been arranged, resulting in a satisfactory bill; also that Messrs. Grover and Williams had aided in effecting it. But it turns out that there was no compromise and that the company will not have the bill. Since no acceptable compromise was arranged, THE OREGONIAN's consistency does not suffer in the matter. It was Mr. Mitchell who prevented the presentation of a useful bill; and the announcement of a compromise was fallacious.

A YEAR'S DELAY.

In the sham railroad bill which was passed through the senate some weeks since, there was really no compromise; and because the bill still contains nearly all the embarrassing provisions with which Mitchell has obstructed the business from the start, it has been utterly repudiated by the directors of the Northern Pacific company. An effort will be made in the house to pass the bill reported by the house committee some time ago. This bill has its regular order on the calendar, but may not be reached this session. It is, however, far ahead on the house calendar of the farcical bill which has passed the senate, and which during present session the house certainly will not reach. Nor, indeed, as our advices clearly indicate, could it pass if it should be reached. That senate bill is utterly dead. And it is known well from the temper of the senate that the house bill can pass that body when it comes up there, in spite of Mitchell's opposition. But there is certainly one year's delay. This is the most hopeful view that can be taken. Of course such delay endangers more or less the ultimate success of the bill.

It is something very like a northern rebellion. Against it the confederate brigadiers stand to the post of duty. Northern Democracy is rampant, but southern Democracy refuses to be forced into revolutionary proceedings. It is a spectacle to see Stephens of Georgia resisting the measures of northern extremists who would plunge the country into political disorders, and perhaps into revolution itself. The south is for peace on the basis of the settlement that placed Hayes in the executive office. It is so far conciliated by the southern policy which certain northern Republicans have been bitterly denouncing that it refuses to participate in a partisan movement to disturb the president's title. But suppose Hayes had continued a policy which would have perpetuated the exasperated feeling which prevailed in the south under the preceding administration, wouldn't he have a pleasant time before him now? As it is, he finds his most trustworthy defenders in his friends from the southern states. The confederate brigadiers, led by the vice president of the late southern confederacy, are the main reliance to preserve the peace of the country against the northern rebellion.

Referring to recent signs that Russia might be looking to the chances of fitting out privateers in American ports, the New York *Times* cites the statutes of the United States, which require every armed vessel sailing from this country, even in time of peace, and armed wholly or in part by its citizens, to give bonds, on clearance, in double the value of the vessel and cargo, not to cruise or commit hostilities against any people or power at peace with us, and collectors of customs are also obliged to detain "any vessel manifestly built for warlike purposes," and "the cargo of which principally consists of arms and munitions of war," when the number of men or other circumstances may render probable a hostile intent, until the president decides to let her go, or until the owner gives the bond and security required of armed vessels.

Though Edison is just now spoken of as the most wonderful of inventors, it would after all be an omission to forget Capt. John Ericsson, who, though seventy-five years old, still works twelve hours a day, and during fifty years has perfected over a thousand inventions on which patents have been obtained. He built the first steam fire engine, the first modern armed steam vessel, the caloric engine and the turret ship, and is now engaged in constructing an apparatus for torpedo warfare which he is confident will revolutionize the defensive methods of the world, and render harmless the ironclad navies on which so many millions have been expended.

Mr. Beekman plainly states that if elected governor, he will take pleasure in signing a bill to reduce all official salaries to the constitutional limits and cut off all perquisites, even to the extra-constitutional pay of the judges. We are told that in regard to this last matter remonstrance has been made that the whole bench would resign. All right then; we shall still have Justice Bybee's court, which will be a sufficiently august tribunal for us in this part of the state.

Mr. Montgomery writes that the Union, and Central Pacific roads did not oppose the so-called Northern Pacific bill that passed the senate recently. There was no reason why they should oppose it. The bill is decided by the Northern Pacific directors to be entirely without value to their company. And as to portage roads and competition on the Columbia river, even Col. Chapman sees more clearly than Mr. Montgomery that this bill will accomplish nothing in that direction.

Concerning the appropriation of $5,000, in the river and harbor steal, for the improvement of Elk river, in West Virginia, the editor of the Portsmouth, O., *Valley Blade* says it is a stream which he has jumped many a time in pursuit of game, and which goes dry half the year. Unless Cox's amendment is adopted, to supply such streams with water, the money for their improvement had better be given outright from the treasury to help members to re-election.

The greenback movement in Linn evidently disturbs the Albany *Democrat*. It is by no means so happy as it was wont to be just before an election. Time was when it could await with serene confidence the result. Now it is obliged to employ entreaty, exhortation and remonstrance. It admits that 150 Democrats in Linn will vote the greenback ticket; but the greenbackers themselves claim three times as many.

By order of COMMITTEE.

FINE STALLIONS!

BY THE STEAMER THERE ARRIVed several fine Blooded Horses, to which lengthy allusion was made in THE OREGONIAN a few days ago. These animals belong to Messrs SMITH & REDMOND, and reached here in splendid condition, having stood the trip across the continent excellently.

The Stallions

"Kisbar" and "Rockwood"

will stand in this city during the present season.

Terms of Service, $50 to insure.

KISBAR is a bay stallion foaled on March 28, 1873, got by Rysdyk's Hambletonian; first dam, Lady Fallis, by Seely's American Star; second dam by Long Island Blackhawk.

Rockwood is a three-year old stallion by Fleetwood; dam by Alexander's Abdalla; second dam by Grey Messenger.

For the present these horses will remain at the City Stables, (B. B. Acker's) where they can be seen. my18d1lt

American Telephone and District Telegraph Company,
OF PORTLAND.
Central Office with Western Union Telegraph Company, No. 3 First St.

THIS COMPANY COMBINES THE PRIVILEGES and facilities of the American Speaking Telephone Co. and the American District Telegraph System, is organized and managed exclusively by **Resident Telegraphers and Electricians,** and is now ready for business.

In the Telephone Department,

We construct independent business lines fully equipped, (with Telephones and Signal Bells) and maintain them in working order.

We also have the **Central Office System,** (now working so successfully in S. F.) for use by merchants and others, the principle of which will be explained to applicants. This system guarantees perfect secrecy to the parties using the lines, and is managed by professional telegraphers, whose obligations and the training of years render them perfectly safe to be trusted in this important matter.

The District Telegraph System.

We furnish, when requested, Signal Boxes, enabling the subscriber at any time, DAY or NIGHT, to summon a policeman, fireman, messenger, physician, hack, expressman, nurse, friend, or to send a telegram to any part of the world. By this system every subscriber keeps a private messenger always on hand; and only pays him when he requires his services. Special signals can be arranged to perform any reasonable service in the least possible time.

Ladies Alone in the House

Will experience a feeling of perfect security with one of our Signal Boxes, knowing that protection from robbery, assault, annoyance and fire is always at their command, day or night.

Rent of Telephone..............................$2 50 per month.
Rent of Signal Box.............................$2 50 per month.

SATURDAY MORNING, MAY 18, 1878.
CITY.

PAINFUL ACCIDENT.—From the Astoria paper of Friday, it is learned that about o'clock Thursday afternoon, a painful accident occurred at the Knappton mills, resulting in the loss of Mr. L. L. Crockett's left hand. The accident occurred at the gang saws, where Mr. Crockett was employed in cutting laths, as he was engaged in removing a stick that had lodged between the saws. His hand was caught and drawn diagonally from thumb to [illegible]. It was a most fortunate circumstance that the steamer Astoria reached Knappton just about the time of the occurrence, as it [illegible] Mr. Callender to immediately proceed with the sufferer to this city, where medical aid was secured in a very short time, when amputation at the wrist was performed, and the unfortunate man was resting easy last night at the Occident. Mr. Crockett's family had but recently arrived from the east, and this will be a sad reception, but the company for whom he is employed will see that his every want is abundantly supplied.

FAREWELL CONCERT.—A sort of farewell concert and sociable was given on board the good steamship Oregon last evening in honor of the departure of the great Musical Festival from this state for the great Musical Festival in San Francisco. There was a large number of the best singers in the community present and some splendid musical gems were rendered and the crowd mingled in a general social exercise, which lasted for an hour or two, when the friends who are not to go retired, leaving the musicians to remember the occasion with great pleasure and to part with them many hearty wishes that prosperity might attend their voyage to the city, success crown their efforts to please those who might listen to them there, and that they might return to Oregon in the best condition. So mote it be.

TERRIBLE AFFAIR.—Through the courtesy of the O. S. N. Co., we have been permitted to copy the following dispatch, dated Cascade Locks, 17th inst.: "The following dispatch has been received here from Geo. Wright & Son, Union, Union county, dated May 15th, concerning a terrible affray which occurred there on the morning of the 15th: Mr. J. P. Sullivan and wife were assaulted by A. T. Wedd a little past midnight, in front of Chandler's hotel, while returning home from a party, and shot. Both Sullivan and his wife are mortally wounded. No cause assigned for the terrible deed nor further particulars given. Great excitement prevails over the tragic affair."

STEAMER ARCATA.—The steamer *Arcata*, now due at this port from San Francisco with an assorted cargo of general merchandise, was loaded and dispatched by Hatch & Barclay and consigned to Messrs. Bajnard & Lee. There is a probability, if sufficient freight inducements offer, that the *Arcata* will ply regularly between the two ports as a freight steamer. Mr. Peter T. Barclay is a young gentleman well and favorably known in this city, he having for years been connected with the large mercantile house of Corbitt, John McCraken & Co. Mr. Barclay is at present engaged in a general shipping and commission business in San Francisco.

RICH QUARTZ.—Mr. J. A. Shoudy, of Ellensburg, W. T., who arrived in this city a few days ago, brought down about 150 ounces of gold taken from a ledge near that place. Specimens of the quartz were brought by Mr. Shoudy, which are very rich in the precious metal. One man who owns a claim began work and sunk a shaft four feet deep, and found paying ore from the very surface, clear down to the bottom. The rock is what is known as "decomposed quartz," and is very easily crushed, and the gold is easily disengaged. Several arastas are now employed in crushing the rock. The prospect is very encouraging.

MUSICAL DELEGATION.—The following well known ladies and gentlemen of Portland and Oregon City and Eugene City, will take their departure this morning on the steamship *Oregon* bound for San Francisco, to take part in the grand musical festival: *Soprano*—Miss Emma Miller, Miss Cora Packard, Miss Julia Simpson, Mrs. A. W. Stowell, Miss Mrs. W. T. Shanahan, Miss Emma Dickinson. *Tenor*—E. B. Creighton, C. O. Morse, M. Stechin. *Bass*—M. O. Lownsdale, J. Champlin, E. R. Merriman, A. W. Stowell, Arthur Wilson.

BUY A COPY.—The WEEKLY OREGONIAN, which is now ready and for sale, is a very excellent number. It is replete with interesting and important matter—telegrams from all portions of the civilized world, editorials on leading topics of the day, choice miscellany, reliable commercial and shipping intelligence, local news, and a summary of state and territorial intelligence. The current number is just such a one as could be desired to send east. Price at the counter only ten cents per copy.

GONE TO THE JURY.—At length the case of United States vs W. C. Griswold, which has consumed so much time in the U. S. district court, has been concluded—at least, has gone to the jury. Gov. Gibbs concluded the argument in favor of the government on Thursday, in a nine hours' speech, and yesterday Judge Deady delivered his charge to the jury. The charge was heard with great interest, between four and five hours in its delivery. The case was then submitted to the jury.

OPEN TEMPERANCE MEETING.—Interesting exercises are expected at the meeting of the Open Temperance Society, at the hall of the Young Men's Christian Association, this evening. Excellent music, good speeches, readings, declamations, etc., will be on the programme. The public, as usual, are invited to attend. Exercises will commence promptly at half-past 7.

MEETING OF COMMITTEES.—We are requested to state that there will be a meeting of the committees who had charge of the celebration on St. Patrick's Day for the final settlement of all business. A full attendance is desirable. The meeting will be held at the hall, corner of First and Stark streets, at 8 o'clock sharp.

DEMOCRATIC CONVENTION.—The delegates elected at the recent Democratic primaries will convene at the Court House this forenoon at 10 o'clock for the purpose of nominating a full legislative and county ticket to be voted for at the approaching election.

ANNUAL ADDRESS.—Rev. J. A. Cruzan, of the First Congregational church, has been invited to deliver the annual address before the literary societies of the State University at Eugene City, on the 20th of June. Mr. Cruzan has accepted the invitation.

SPEAKING AT OREGON CITY.—Hon. B. F. Mallory went up to Oregon City last evening, where he delivered a speech on the political issues of the day. The meeting, we understand, was largely attended and quite enthusiastic.

COUNTY SURVEYOR.—Mr. James Dobbins has been nominated by the Republican convention of Columbia county for surveyor. His name was inadvertently omitted in the notice heretofore published of the nominations.

LECTURE.—To-morrow (Sunday) evening Mr. Walter Hyde will deliver a lecture in Good Templar Hall in this city. His subject will be "Love." Lecture will commence at 8 o'clock sharp. Admission free.

LETTER LIST.—The following letters remain uncalled for in the express office: E. I. Bagley, George Goward, Richard Ireland, Mrs. McLaughlin, V. S. Worthimer, C. B. P.

CANNOT COMPLY.—We are requested to state that the editor of the *Labor World* will not be able to fill his appointments to speak in Southern Oregon as has heretofore been announced.

CITY.

PAINFUL ACCIDENT —From the Astoria paper of Friday, it is learned that about 11 o'clock Thursday afternoon a painful accident occurred at the Knappton mills resulting in the loss of Mr N I Crockett's left hand. The accident occurred at the gang saws, where Mr C was employed in cutting laths, as he was endeavoring to remove a stick that had lodged between the saws The hand was cut across diagonally from the thumb to the wrist It was a most fortunate circumstance that the steamer Astoria reached Knappton just about the time of the occurrence, as it enabled Mr Callender to run up immediately and proceed with the sufferer to this city where medical aid was secured in a very short time, when amputation at the wrist was performed, and the unfortunate man was resting quite easy last night at the Occidental. Mr. Crockett's family had but recently arrived from the east and this will be a sorry reception, but the company for whom he was employed will see that his every want is abundantly supplied

FAREWELL CONCERT —A sort of farewell concert and sociable was given on board the good steamship Oregon last evening in honor of the departure of the musical delegation from this state for the great Musical Festival in San Francisco. There was a large number of the best singers in the community present and some splendid musical gems were rendered and the crowd mingled in a general [illegible] social exercise, which lasted for an hour or two, when the friends who are not passengers retired, leaving the musicians to remember the occasion with great pleasure and to bear with them many hearty wishes that prosperity might attend their voyage to the bay city, success crown their efforts to please those who might listen to them there and that they might return to Oregon in the best condition. So mote it be.

TERRIBLE AFFAIR —Through the courtesy of the O. S. N. Co., we have been permitted to copy the following dispatch dated Uma[illegible] 17th inst. "The following dispatch has been received here from Geo Wright & Son [illegible] Union county, dated May 15th concerning a terrible affray which occurred there on the morning of the 15th Mr J P Sull[illegible] and wife were assaulted by A T Weddel a little past midnight in front of Chauncey's hotel, while returning home from a party [illegible] and shot. Both Sullivan and his wife are mortally wounded. No cause assigned for the terrible deed nor further particulars given. Great excitement prevails over the tragical affair."

STEAMER ARCATA —The steamer Arcata now due at this port from San Francisco with an assorted cargo of general merchandise was loaded and dispatched by Hatch & Barclay and comes consigned to Messrs Barnard & [illegible] There is a probability if sufficient freight inducements offer that the Arcata will ply regularly between the two ports as a freight steamer. Mr Peter T Barclay is a young gentleman well and favorably known in this city, he having for years been connected with the large mercantile house of Colonel John McCraken & Co. Mr Barclay is at present engaged in a general shipping and commission business in San Francisco

RICH QUARTZ.—Mr J A Shoudy, of Ellensburg W. T., who arrived in this city a few days ago, brought down about 150 ounces of gold taken from a ledge near that place. Specimens of the quartz were brought by Mr Shoudy, which are very rich in the precious metal. One man who owns a claim began work and sunk a shaft 100 feet deep He found pay ore from the very surface clear down to the bottom. The rock is white, is known as "decomposed quartz," and can very easily be crushed and the gold disengaged. Several arastas are now employed in crushing the rock. The prospect is very encouraging.

MUSICAL DELEGATION.—The following well known ladies and gentlemen of Portland, Salem City and Eugene City, will take their departure this morning on the steamship Oregon bound for San Francisco, to take part in the grand musical festival Soprano—Mrs Annie Miller, Miss Cora Packard Mrs [illegible] Simpson, Mrs. A W Stowell Alto—Mrs W. T. Shanahan, Miss Emma Dickinson; Tenor—R. B. Creighton C C Morse F [illegible]; Basso—M. G Lowndsdale J L [illegible] E. R. Merriman, A W Stowell [illegible] Wilson.

A GOOD COPY.—THE WEEKLY OREGONIAN, issued to-day is now ready and for sale, is a very excellent number. It is replete with interesting and important matter—telegrams from all sections of the civilized world editorials on leading topics of the day choice miscellany, reliable commercial and shipping intelligence, local news, and a summary of state and political intelligence. The current number is just such a one as could be desired to send east. Price at the counter only ten cents a copy.

GONE TO THE JURY —At length the case of the United States vs W C Griswold which has occupied so much time in the U S district court, has been concluded—at least, has gone to the jury. Gen. Gibbs concluded the argument in favor of the government on Thursday, in a nine hours' speech and yesterday Judge Deady delivered his charge to the jury The charge was very lengthy consuming between four and five hours in its delivery The case was then submitted to the jury

THE TEMPERANCE MEETING —Interesting exercises are expected at the meeting of the [illegible] Temperance Society, at the hall of the Young Men's Christian Association this evening. Excellent music, good speeches, readings, declamations, etc., will be on the programme. The public, as usual are invited to attend. Exercises will commence promptly at 8 o'clock.

MEETING OF COMMITTEES.—We are requested to announce that there will be a meeting of the committees who had charge of the celebration on St. Patrick's Day for the final settlement of business. A full attendance is requested. The meeting will be held at the [illegible] corner of First and Stark streets, at 3 o'clock sharp.

DEMOCRATIC CONVENTION.—The delegates elected at the recent Democratic primaries will convene at the Court House this forenoon at 10 o'clock for the purpose of nominating a legislative and county ticket to be voted for at the approaching election

ANNUAL ADDRESS —Rev J A Cruzan of the First Congregational church, has been invited to deliver the annual address before the literary societies of the State University, at Eugene City, on the 20th of June Mr Cruzan has accepted the invitation

SPEAKING AT OREGON CITY —Hon Rufus Mallory went up to Oregon City last evening, where he delivered a speech on the political issues of the day. The meeting we understand was largely attended and quite enthusiastic.

COUNTY SURVEYOR.—Mr. James Dobbins has been nominated by the Republican convention of Columbia county for surveyor The name was inadvertently omitted in the list heretofore published of the nominations.

LECTURE.—To-morrow (Sunday) evening Mr. Walter Hyde will deliver a lecture at Good Templar Hall in this city His subject will be "Love" Lecture will commence at 8 o'clock sharp. Admission free

LETTER LIST —The following letters remain uncalled for in the express office E I Bai[illegible] Mr. George Goward, Richard Ireland Hugh McLaughlin, V S. Worthmore C B Plummer.

CANNOT COMPLY —We are requested to state that the editor of the Labor World will not be able to fill his appointments to speak in Southern Oregon as has heretofore been announced

PERSONAL.

Rev. E. I. Galvin of Walla Walla will be a passenger on the Oregon and goes east for a brief visit. He will be in Boston May 30th and represent the Pacific coast in the general conference of the Unitarian Church held at that time

MONUMENTAL MINE

Mr E E Turk & H Lohman merchants of Canyon City arrived in this city last night From Mr Turk who in company with Mr Wm Grant of the Dalles and Judge Sels of Canyon City visited the Monumental mine last week we get the following particulars of the work now under way in the mine The tunnel had reached a distance of 588 feet Drifts were being run on the ledges cut by it

The drift on ledge No 18 was [illegible] feet off of the tunnel north and [illegible] feet south and the ledge on north drift four and one half feet wide from which ore was being taken out by the car load The ore being rich antimonial silver assaying from $80 to $1 00 dollars per ton From the drift on this ledge an upraise is now under way going up on the ore body to the surface 300 feet

Mr Turk is very enthusiastic in his description of the mine and states that half has not yet been told of its extent and wonderful richness Work is being pushed with great energy under the intelligent direction of C S Miller general manager of this company All workingmen in the mine and visitors see millions in it and the rapid developments now being made will speedily appreciate the stock to figures beyond its par value

Of the other mines in the district under development—Phil Sheridan Rattler and others Mr Turk speaks very highly and with the progress of work now under way the mineral district of Granite creek bids fair to excel in extent and richness any yet discovered west of the Rocky mountains Mr Turk brought to the office of the company in this city a fine lot of ore from the 4 foot ledge which is now on exhibition

THE STERLING MINE

By a letter received from Southern Oregon we learn that the Sterling mine is being worked to good advantage and that the prospect is favorable Eighteen hundred inches of water are running in the ditch, and it is believed by the superintendent of the mine that there will be water enough to work with a full head for two pipes until the first of August. When the piping commenced, about six weeks ago a bed of boulders was struck which threatened to retard the work This difficulty has been surmounted by the boulder bed giving out and the pipes are now playing on a bank of splendid gravel with a bedrock, which miners pronounce very promising Hon D P Thompson principal owner in the mine a short time ago sent out a derrick to handle the boulders but it is now doubtful whether it will be needed The dump for the tailings in this mine will increase as the work proceeds and will in a short time be sufficient to carry away all the debris that passes through the flumes Mr M S Burrell a partner in the mine is now on the ground and writes to Mr Thompson that he proposes to keep the pipes running for a month yet before he makes a clean up It is confidently anticipated that the Sterling mine will prove the most remunerative of any of the gravel beds of Southern Oregon The richness of much of the ground has been proved beyond a doubt

AMUSEMENTS.

MISS MELROSE —A complimentary benefit has been tendered Miss Gertrude Melrose a young actress of this city by a number of the citizens The offer has been accepted and the young lady has named New Market theater as the place and Tuesday evening 21st inst as the time.

FASHION NOTES

Olive and blue are worn together

Beads are used even on the flounces of imported dresses

The most stylish slippers are without bows or buckles

All the kilt walking dresses have a broad sash across the front

Havana is the new popular but indescribable shade of brown

Black parasols lined with white or cardinal red are very stylish

Pleated waists are both stylish and appropriate for all cotton goods

Black and white lace over black silk is fashionable for elderly people

Later Paris advices confirm the statement that gray will be a favorite color this summer

Real acorns and filberts are covered with velvet and with leaves are used to trim bonnets

For summer waterproof there are the English twills that come in grays and fawn colors

Pipings of contrasting colors will be much worn but they will not be round as formerly but flat

Scarfs are draped round the princess dresses and knotted behind with the ends falling over the train

New umbrellas are of Florentine Levantine silk and the English pug's head is as much in demand as ever

Paris letters say that plain and dotted Swiss muslins will be in demand for evening toilets this summer

The Countess of Rosebery is a new combination of the fine ostrich feathers in the most delicate shadings

Black shirts with white dots in them are now sold in London they will hardly supersede the white articles

Many of the colored silk fringes are mixed with chenille which adds both to richness and lightness of texture

So fine and handsome are some of the Scotch ginghams that it is a compliment to the spring silks to compare them

Treatment of Chronic Diseases

Dr R F Price office and residence corner Third and Alder pays special attention to the treatment of chronic diseases particularly those of a delicate complicated or obstinate nature As a practitioner Dr Price has been eminently successful and should be consulted by all who are suffering from lingering diseases His diploma and testimonials are open for inspection

During the closing years of his remarkable career the late Emperor Napoleon III was a martyr to that dreadful malady stone in the bladder or gravel and his days were shortened by the painful operation to which he submitted in order to its removal Had he known of the old simple and popular remedy Pereo's Hamburg Tea he might be sitting on the French throne It is an effective agent for the cure of this distressing complaint if taken in season—before the formation becomes too hard

PFUNDER'S DELICIOUS REFRESHING POLAR SODA & CELEBRATED VICHY WATER

CHIEF MOSES AND HIS PEOPLE.

Gen Howard received a dispatch yesterday from Col Cuvier Grover of Fort Walla Walla of which the following is the substance

I have received a letter dated May 10th dictated by Chief Moses and complaining that reports are constantly made to him that the whites do not believe his professions of peace Moses reiterates all he has said says he wants peace and that he and his people are trying to do right He hopes Gen Howard will visit him and his people soon as he says he promised to do Chief Moses seems to wish to be reassured that they will not be disturbed themselves Have sent an answer as messenger does not return Have forwarded Moses letter by mail

In addition to the above a letter has been received from Capt Wilkinson who has arrived at Yakima in safety also a letter from Rev J H Wilbur agent at [illegible] Mr Wilbur writes that he is trying to start out a delegation of friendly Indians from the reservation to go to Chief Moses and have a talk Further and more satisfactory news may be anticipated in a few days

We have just interviewed Mr J A Shoudy a gentleman who is engaged in merchandising at Ellensburg Yakima county Washington territory In regard to the reported Indian difficulties Chief Moses and his people reside in that section of the country adjacent to Ellensburg Mr Shoudy says he has had much to do with Moses and his tribe They have purchased supplies for a long time at his store and he says that the Indians are fair and honorable in their dealings and seem peaceable and well disposed generally Moses appears to be a man of much influence among the Indians and is greatly respected by all Should there be a war Mr Shoudy is of the opinion that Moses could summon to his aid not less than 1 000 warriors He says Moses has repeatedly declared that he is in favor of peace He does not wish to have any trouble with the whites All he wants is to be let alone—to be allowed to remain where he is The country where Moses and his people live is not suitable for white settlement and is not desired Moses says he has never received any annuities from the government and does not want a blanket or a pound of rations from Uncle Sam He and his people are perfectly independent and are able and willing to pay for all they get Tonasket it is claimed is a usurper and wants to get possession of authority His claim for control is contested by Moses and that is why Tonasket wants the military to step in and enable him to maintain his authority Much of the present difficulty is said to be directly attributable to this would be usurper

OREGON CENTRAL RAILROAD

PORTLAND May 17 1878

TO THE EDITOR OF THE OREGONIAN

During the last two months reports have been circulated to the effect that the German land holders were about to dispose of their railroad property in this state or that they had transferred their interest in the Oregon Central Railroad to the so called English capitalists

Being on the eve of my departure to Germany whence I have been called I deem it my duty to state that such reports are without any foundation but that the purpose of my trip is to effectuate arrangements for the speedy extension of the Oregon Central railroad south Dispatches received by me within the last few days leave no doubt in my mind concerning the result

By giving this space in your columns you will greatly oblige Very respectfully yours

ALL WHO SUFFER FROM Dropsy and Kidney Diseases can be cured by using HUNT'S REMEDY the great Kidney Medicine HUNT'S REMEDY is purely vegetable and used daily by our best physicians in their practice All Diseases of the Kidneys Bladder and Urinary Organs are cured by HUNT'S REMEDY

TIME SAVED IS MONEY MADE —It is astonishing to see respectable dealers in Hams spending their valuable time in endeavoring to persuade their customers that other brands of hams are as good as Whittaker's celebrated Star Hams The market is glutted with inferior and half cured Eastern Hams therefore housekeepers should be cautious and ask for Whittaker's Star Hams and have none other palmed off on them

QUININE AND ARSENIC form the basis of many of the Ague remedies in the market and are the last resort of physicians and people who know no better medicine to employ for this distressing complaint. The effects of either of these drugs are destructive to the system producing headache intestinal disorders vertigo dizziness ringing of the ears and depression of the constitutional health AYER'S AGUE CURE is a vegetable discovery containing neither quinine arsenic nor any deleterious ingredient and is an infallible and rapid cure for every form of Fever and Ague Its effects are permanent and certain and no injury can result from its use Besides being a positive cure for Fever and Ague in all its forms it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventive, as well as cure of all complaints peculiar to malarious marshy and miasmatic districts It acts directly on the Liver and biliary apparatus, thus stimulating the system to a vigorous healthy condition For sale by all dealers.

An Astonishing Fact.

A large proportion of the American people are to day dying from the effects of Dyspepsia or disordered liver The result of these diseases upon the masses of intelligent and valuable people is most alarming making life actually a burden instead of a pleasant existence of enjoyment and usefulness, as it ought to be There is no good reason for this, if you will only throw aside prejudice and skepticism take the advice of druggists and your friends, and try one bottle of Green's August Flower Your speedy relief is certain Millions of bottles of this medicine have been given away to try its virtues with satisfactory results in every case You can buy a sample bottle for 10 cents to try Three doses will relieve the worst case Positively sold by all Druggists on the Western Continent

Silver coin per cent discount

We learn from San Francisco exchanges that the president has approved the bill prohibiting the coinage of the 20 cent silver pieces. The telegraph had failed to furnish this item of news. It was known that the committee [illegible] had recommended such action. A dispatch in the [illegible] stated that [illegible] had been issued for paying out the coins of this denomination [illegible] In the mint and sub treasury. This was evidently erroneous as it now transpires that these coins are to be retired and those on hand which will be sent in will probably be coined into 412½ grain dollars. But few of the 20 cent pieces found their way into this state and their retirement will work no important disadvantage.

Locally financial and trade matters have undergone no special changes to day. Business is [illegible] active buyers from the interior [illegible] in the market in considerable numbers at [illegible] making large orders. Produce receipts continue to run light [illegible] most articles being only about sufficient to supply the local trade.

DR. PAUL M. BRENAN.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases.

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS

public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease in plain and comprehensive language. But where he has found them crushed and broken down by disease mentally and physically he has restored them to health and happiness for it is well understood that without health there can be no happiness.

DR BRENAN

has made a specialty in the treatment of the following diseases Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs including Spermatorrhea, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success not only on this Coast but throughout the whole United States. Diseases of the stomach bowels liver and kidneys as well as all diseases of the blood and skin he has become master of and never fails to give relief at once and permanently cures the case if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who can not well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally and will forward the proper medicines, or instruments to any part of the country with full instructions and advice. Each letter requiring advice or list of questions must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia as more than one of the Medical men of the Medical Faculty in this State can testify.

CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind who desire to consult with me will please beware of persons who may try to coax them away to other so called Doctors through pretended friendship for the patients. Look out for them they are knaves prompted by selfish motives and what they can make. Be sure and ask for DR PAUL M. BRENAN, the *Medical Lecturer* and read his sign on his door.

Russian Ministerial Headquarters.

CALAIS Maine May 18—The Russian minister has engaged rooms at the Passamaquoddy hotel it is supposed in connection with the movements of Russian steamers on this coast

The Fenians

NORTH TROY Vermont May 18—It is supposed the Fenians encamped near this village have departed. There has been a large number of strangers in town. The most intense excitement prevails across the border. The Canadian [illegible] have been supplied with arms and ammunition and go into camp

Religious

ATLANTA May 18 The general M E conference to day decided not to increase the number of bishops

PITTSBURG May 18 In the Presbyterian assembly the committee appointed last year to meet similar committees from other evangelical churches at Xenia Ohio to consult on a plan of [illegible] the cause of temperance [illegible] report which the committee recommends [illegible] evangelical churches. The report sets [illegible] that the manufacture sale and use of intoxicating liquors except for medical mechanical or scientific purposes, are [illegible] dishonoring to God and destructive to [illegible] and either of these great evils by selling grain and hops to brewers or distillers by making machinery for brewing or distilling casks to contain liquors, by having [illegible] in which intoxicating liquors are to be sold or drank, or by any other way to [illegible] participate in this most abominable sin. After some discussion the [illegible] was referred to a committee

New York Branch of the Nevada Bank.

NEW YORK May 18—The *Commercial* says it is rumored that the Nevada Bank of San Francisco will not after all carry out their branch or agency arrangement at New York. Christeiser who went to Europe to make arrangements for the New York branch returned about a week ago and whether from his failure to establish the right sort of credits in London or the sudden decease of O'Brien there seems to be some hitch in the New York arrangement

The State of California.

PHILADELPHIA May 18—The price paid by the Russian government for the steamer *State of California* is stated at $500,000. A large force of workmen is making necessary alterations on the vessel. Orders have been given to have the railing around the sides replaced by heavy iron plate rising three feet above deck. It is surmised from the nature of the alterations that her armament will consist of six guns—two on each side one bow and one stern pivot of heavy calibre.

Mollie McCarty en Route.

OMAHA Neb May 18—Budd Doble arrived here this afternoon from San Francisco with Mollie McCarty in excellent condition. He leaves to morrow for Louisville

The Vice President at his Home.

MALONE N Y May 19 Vice President Wheeler arrived home yesterday accompanied by Mrs Hayes her little daughter Hattie and Mrs Woodworth wife of Dr Woodworth of Washington. Last evening the Malone cornet band and the Malone glee club proceeded to the residence of Mr Wheeler and serenaded him and his distinguished visitors. In anticipation of some such exercises a large concourse of citizens had congregated. The house was brilliantly lighted. After the band had played several familiar airs Mr Wheeler came out upon the veranda, accompanied by Mrs Hayes. Their appearance was the signal for prolonged and hearty applause on the part of the assembled crowd. When the applause subsided Mr Wheeler spoke as follows

My friends your sweet notes of welcome are grateful alike to my ears and my heart but I understand full well that they are not intended for me alone. In this demonstration you furnish a well merited proof of your regards for my distinguished guest the worthy wife of the chief magistrate of the nation a woman who in the brief period of her exalted position has won not only the admiration but sincere regard of the American people irrespective of party and this she has done, not by the arts of society (so called) but by strong native common sense and that kind consideration for others which alone springs from a thoroughly good heart. In short Mrs Hayes is the true ideal of the American woman and in her whole life illustrates the fact that the most exalted station has its highest adornment in the law of kindness extended to all without regard to wealth or station. In her name I tender to you her thanks for this mark of your respect and regard. As for myself I need not tell you that no absence however prolonged or station however exalted can impair my hold upon the place of my birth and its people. [illegible] return home finds one or more of my old friends missing [illegible] through the inevitable change that awaits us all but as the circle narrows down my attachment enlarges for the survivors. From the full storehouse of my grateful heart you have my thanks for the oft repeated mark of your [illegible] For Mrs Hayes and myself I bid each of you a cordial good night

After music and display of fireworks in the park adjacent to the house, the crowd dispersed. To morrow morning the party leave here for a few days excursion among the lakes of the Adirondacks

Great Racers

CHICAGO May 19—The celebrated California race mare Mollie McCarty en route for Louisville will arrive here to morrow. Ten Broeck arrived at Louisville yesterday and will go into active training at once. The contest between these two famous horses on the Fourth of July next promises to be the greatest turf event of the season

The Louisville Races.
